

## Epoxy Tag Series

### Model: Epoxy Tag Series\_Compact Size

#### 1. Introduction

A wide selection of IC chips with medium and small form factors, available in various styles. These cost-competitive epoxy tag suitable for a wide range of system solutions with curved surface, which offer excellent protection against side impacts.

#### 2. Available IC

10, 13mm: I.CODE series, Ntag series, others upon request

17mm: EM4200, T5577, Mifare series, I.CODE series, Ntag series, LEGIC, Hitag series, DESFire, Ucode 8

#### 3. Data Sheet

Item	Specification
Operating Frequency	<u>10, 13mm</u> : 13.56 MHz <u>17mm</u> : 125KHz & 13.56 MHz & 860MHz-960MHz
Material	PVC + Epoxy or Glass Fiber + Epoxy
Storage Temperature	-30°C to +100°C
Operating Temperature	-30°C to +85°C
International Protection	IP67
Operating Distance	Depends on reader design
Dimension	10/13/17(D) mm
Options	Laser Marking/ Inkjet Printing
