

Token Tag

Model: Token Tag-Temperature Resistance

1. Introduction

The Token is specially designed for Auto Parking and Inventory Management System. Abandoning the tradition ABS material, the tag adopts robust material to increase its resistance to high temperatures and environmental impact. Its wide range of colors choices and encapsulated production process make it easy to identify your items and a durable and reliable choice for automatic applications.

2. Available IC

EM4200, T5577, Mifare series, I.CODE series, Ntag series, LEGIC, Hitag series, DESFire , Impinj R6

3. Data Sheet

Item	Specification
Operating Frequency	125KHz & 13.56 MHz & 860MHz-960MHz
Material	PBT/fiber
Storage Temperature	-40°C to +150°C
Operating Temperature	-40°C to +85°C
International Protection	IP67
Operating Distance	Depends on reader design
Dimension	30(D) x 3.4(T) mm
Options	Laser Marking/ Inkjet Printing
