

Cable Tie

Model: Cable tie

1. Introduction

Cable/Zip tie is very common in our daily lives. With the RFID component securely potted inside, it makes it easier to integrate RFID into retail or store management, such as rental hiking equipment and shoes. The cable tie tag can also be used in the industrial sector to identify tools, such as shackles and hoists. Due to its design, the read range isn't affected by the object attached to it.

2. Available IC

I.CODE series, Ntag series, Ucode 8, others upon request

3. Data Sheet

Item	Specification
Operating Frequency	13.56 MHz or 860MHz-960MHz
Material	Polyamide + Epoxy
Storage Temperature	-25°C to +85°C
Operating Temperature	-25°C to +85°C
International Protection	IP67
Operating Distance	Depends on reader design
Dimension	200(L) x 7.6(W) mm 205(L) x 4.8(W) mm 380(L) x 7.6(W) mm
